THE MATRIX MOVIE AUTHOR ADDS GREATNESS TO SONG

Author of the Hollywood movie, THE MATRIX, Sophia Stewart, really started something when she said: "The Oracle's Prophecy (predicts that) it is going to be one of the greatest songs ever written and many super artists are going to have their renditions of it."

Sophia Stewart is talking about the new song, "*I SEE MYSELF IN YOU*". . . considered a new global anthem! She went on to say: "Reminds of the time Michael Jackson shared WE ARE THE WORLD." - - - Robert Leaman Sanders asked Sophia Stewart to lend her voice to his master recording of I SEE MYSELF IN YOU and she also wrote to him in her letter: "Count me in." ~
